

Living Art

light up your art collection

Enhance your collection with living art sculptures powered by advanced algorithms. Your digital artwork includes three elements: a custom media device, a suite of original digital art, and an interactive app to customize and queue your favourite designs.

It's an ever-evolving visual experience of new media art that is uniquely yours.

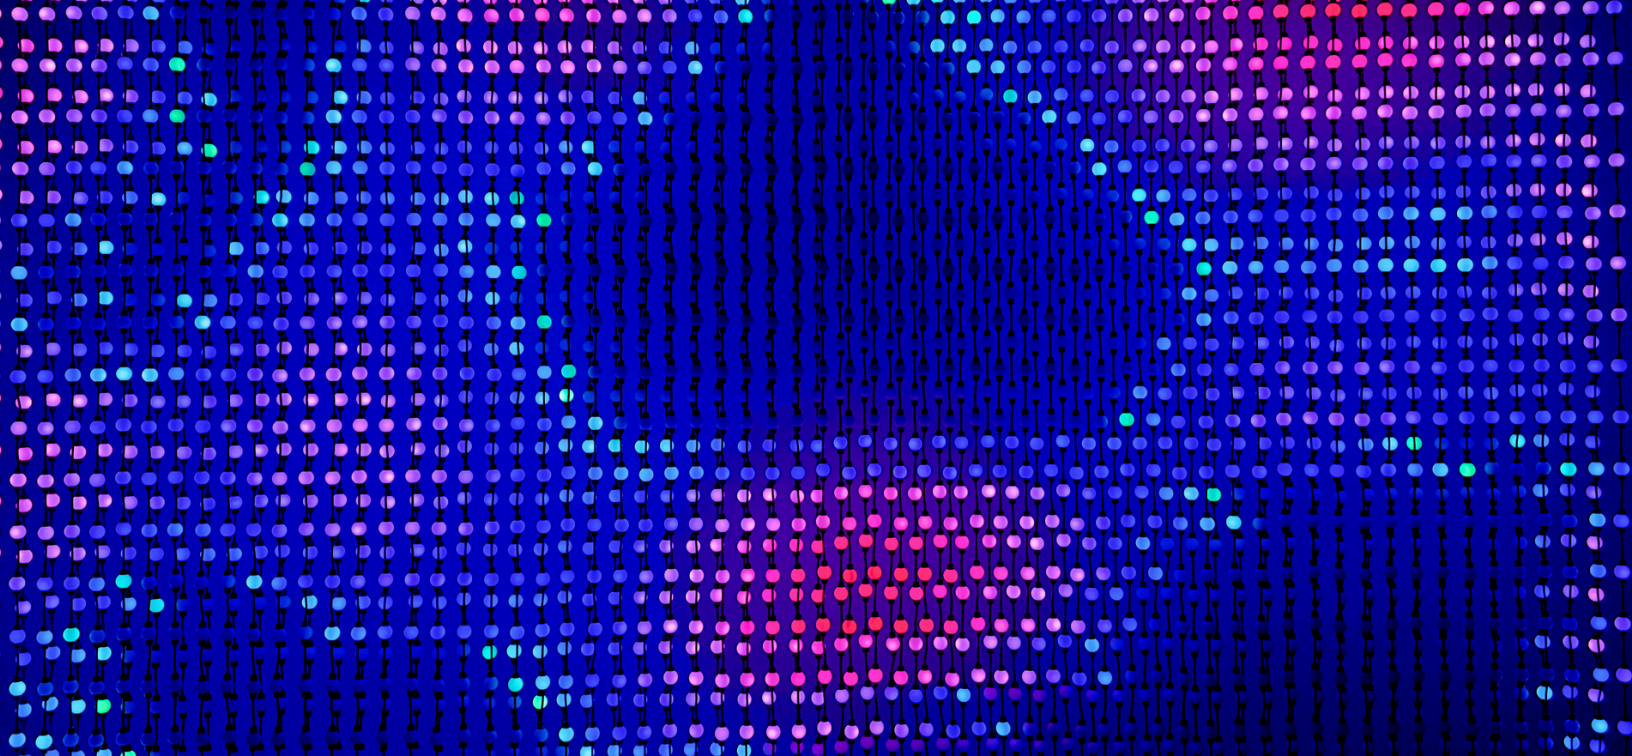

- **Your Immersive Art:** Customize a limited edition playlist or collaborate with us to create original digital art
- **Adaptive Atmosphere:** Use the LiveArt app to play with rich colours, control brightness, and curate mood-specific environments
- **Live Content Options:** Equip your artwork with our body-responsive tech for interactive media experiences
